Summary

Hello!

I'm a Computer Science student at South Asian University,
passionate about AI, data science, and Python programming. With
a strong love for problem-solving and a continuous drive to learn, I'm
eager to connect with like-minded professionals and contribute to
impactful projects in tech and innovation.

Throughout my journey, I've developed a competitive spirit,
excelling in Science Olympiad competitions, quizzes, and academic
challenges. I thrive in collaborative environments and am always
open to new opportunities that foster growth and learning.

Let's connect and create something great together!
